or call 717-531-8606 by Friday, November 13.

*A light dinner will be provided.*

## INTENDED OUTCOMES

This program has been developed to help the clinician:

1. Recognize the clinical features of H1N1 2009 novel influenza infection.
2. Understand the epidemiology of H1N1 and seasonal influenza infections in children.
3. Identify pediatric patients at high-risk of complications of influenza infections and implement appropriate treatment plans based on that risk.
4. Understand the role and types of vaccines and treatments available for H1N1 and seasonal influenza in order to choose which is best for the individual patient.

Penn State College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Penn State College of Medicine designates this educational activity for a maximum of 1.0 *AMA PRA Category 1 Credit*™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

This program contains 1 hour of patient safety/risk management education as required by the Pennsylvania State Board of Medicine.

**Penn State Hershey Children's Hospital will cover all costs associated with this continuing education activity.**
