Dear Friend:

Birthdays, graduations, anniversaries, the holidays... all of these special occasions are a joyful time for many families in central Pennsylvania. Unfortunately, not all families will be able to spend these special days at home together because their child will be treated at Penn State Children's Hospital. I want to invite you to help make today a little brighter for the thousands of children who are treated each year at Children's Hospital by talking to your child about "pledging a present" to Children's Miracle Network.

Because I know you already have more than enough on your "to-do" list, we're inviting your child to ask friends and family to "pledge" the money they would have spent on one present for your child, and instead donate those dollars in your child's honor to support Children's Miracle Network. Not only will their gift support valuable pediatric services, groundbreaking research, life-saving pieces of equipment, program services, and educational resources at Children's Hospital, but your child will begin to learn about the importance of philanthropy and the joy that comes with giving to others.

I would encourage you and your child to discuss this opportunity and to complete and return the "I Want to Pledge a Present" form. Use the note attached to the form to share with friends and family. Let them know that you would like to "Pledge a Present" this year. Don't forget to address and sign the note!

We sincerely hope you and your child will join us in supporting Children's Hospital and "Pledge a Present" this year. Thank you for helping us help kids in central PA!

Sincerely,

A handwritten signature in black ink that reads "Marta K. Murray". The signature is written in a cursive style with a large, flowing "M" and "Murray".

Marta Murray

Assistant Coordinator of Children's Miracle Network
Penn State Children's Hospital
