College of Medicine
Faculty Positions

Code P2 – Drug Discovery

The Department of Pharmacology at Penn State College of Medicine, Hershey, invites applications for a tenure track faculty position in drug discovery, development and delivery. We seek a scientist with an M.D. or Ph.D. (or equivalent degree) for a tenure track position at any academic rank. Of particular interest are candidates who will develop, or have already established, an independent research program centered on the translation of basic biology into potential therapeutics. This may include, but is not limited to, small molecule screening, target identification and validation, or early preclinical trials. For additional information about the Department and the research interests of the faculty, please visit the following website: <http://www.hmc.psu.edu/pharmacology/>. Interested individuals are asked to submit a curriculum vitae, the names of three references and a statement of research interests addressed to Kent E. Vrana, Ph.D., Elliot S. Vesell Professor and Chair, Department of Pharmacology, R130, Penn State College of Medicine, 500 University Drive, Hershey, PA 17033. Review of applications will continue until the position is filled. *Penn State is committed to affirmative action, equal opportunity and the diversity of its workforce.*
